A MESSAGE FROM THE EXECUTIVE DIRECTOR

Dear Friends:

The NAMES Project National AIDS Memorial Quilt was created in homes across America by the families, friends and lovers of people lost to AIDS. While they represent a great diversity of people and backgrounds, they are united by their shared experience of a devastating epidemic.

For many Americans, the AIDS epidemic has become the tragedy of our generation, profoundly affecting every aspect of our lives. As a nation we have struggled not only against a disease, but also against the equally destructive enemies of ignorance, hysteria and bigotry.

At times it seemed that we lacked the national will to conquer AIDS, and many of us despaired.

The Quilt is a gift from the hands and hearts of thousands of Americans who have not despaired. It stands as a statement of hope and remembrance, a symbol of national unity and a promise of love.

In just one week, the NAMES Project embarks on a national tour. For four months, 20 cities, and 12,000 miles, we will carry in our hearts and hands memories that we will not allow to fade away. Each of us at the Project has been deeply honored by the trust and touched by the love of the panelmakers. They and their loved ones—those who have fallen and those who remain—have become a part of our lives.

We will never forget them.

Cleve Jones
Executive Director
Inspired by the American folk art traditions of quilting and sewing bees, The NAMES Project is a nationwide campaign to memorialize the tens of thousands of Americans who have been killed by the AIDS epidemic.

The NAMES Project Quilt is composed of thousands of fabric panels, each bearing the name of an individual lost to AIDS. Designed and completed in homes across America by the friends, lovers, and families of people killed by AIDS, the panels are stitched together by volunteers into the ever-growing Quilt.

OUR OBJECTIVES

The NAMES Project has three goals:
I. To provide a positive and creative means of expression for those whose lives have been touched by the epidemic.
II. To illustrate the impact of the AIDS epidemic by showing the humanity behind the statistics.
III. To serve as an educational tool in order to raise vital funds and encourage support for people with AIDS and their loved ones.

THE 1988 NATIONAL TOUR

The four-month, 12,000 mile National Tour will bring the Quilt's message of love and remembrance to tens of millions of Americans and focus attention and resources on direct services to people with AIDS. By displaying the Quilt in cities and towns across America, we hope to combat ignorance and fear of AIDS and offer examples of compassion and love instead.

Already the largest community arts project in the nation, the Quilt will now become a powerful fundraising mechanism and educational tool in cities hardest hit by the epidemic. All funds raised from donations during the local displays will remain in the host communities to support direct services to people with AIDS and their loved ones.

The following schedule is based on information received by March 20, 1988, and is subject to change. Please contact The NAMES Project for more current information.

WANTED!
EMPLOYER who desires talented
career minded individual
CALL 776-6473

I have strong experience in administration and coordination including the creative areas. My greatest strengths are my organization and people skills, and this makes me quite effective in setting up/maintaining systems, coordinating projects or events expediting or placing media, hosting VIPs, and solving diverse miscellaneous problems. By nature, I am careful and meticulous in my work, down to the last detail.

In addition I have been commended for a high level of creativity, perhaps in part due to my background in artistic environments. My professional objective is to obtain a position in which I will be able to utilize my skills in management, administration, creative development and production.

I would welcome the opportunity to see how I might best contribute to your efforts.

Donations received at displays during the National Tour will remain in the tour cities to fund organizations providing services to people with AIDS and their loved ones in those communities. The NAMES Project relies on sales of merchandise, designated donations, and sponsorhip of Quilt panels to cover the costs of the tour. Please consider becoming a sponsor of a Quilt panel or panels to assist with the funding necessary to carry the message of the Quilt across America.

For more information on available merchandise, please stop by our workshop at 2362 Market Street, or phone us at (415) 863-5511.

We've got Chi.

Chi is energy, life, breath. Like waking up to a clear Spring day over the Bay with just a few puffs of cloud to make the sky interesting. It makes you want to burst out the door. It's that feeling that you have when you wear ChiPants. When you put our pants on, you won't believe the comfort, the fit, the freedom of movement. These pants not only look good, they feel good! Conventional designs are made for quick machine assembly. We put more care into our pants. We remove restricting cross seams and replace them with a panel of cloth—a gusset. No binding. Eighty per cent of the people who try our pants buy them. We can't say it any clearer than that. Come by and try some on. Experience a Chi store.
